

To our Grand Blanc community
business neighbors and those
advertising in our community...

We are the Grand Blanc High School Instrumental Music Department with over 200 exceptional students participating in Marching Band, Day Bands, Color Guard, Jazz Band, Pep Band, Winter Percussion, and Winter Guard. The time commitment required of these students is unparalleled to any other high school extracurricular activity. Band students devote hundreds of hours to prepare, practice, perform and compete their shows. Their focus is on teamwork, discipline, leadership and perfecting musical skills. This intense preparation prepares students for performing the many events throughout the school year.

The self-discipline, determination and diligence needed to perform and compete at such high levels are traits that carry over into intellectual pursuits that lead to a lifetime of effective study and work habits. The end results are young adults that have a positive impact on their communities. **But we cannot do it without your support!**

The true measure of our success as the band boosters and music directors is to allow these fine young musician students the opportunity to continue to grow musically and allow the band program to mature and develop to become a great tradition for future generations in our community. All money raised will support the growth of the band programs as we need to purchase additional instruments, music, repair, replacement and upkeep of instruments, competition fees, transportation, uniform replacement, etc.

We have updated our Sponsorship Program as outlined on the next few pages and your participation in our Annual Sponsorship Program will be deeply appreciated.

Thank you for your support of our Instrumental Music Department.
